

Markdown to PDF Badge

With just one click, you can easily convert any markdown file to a PDF document!

Try it!

DOWNLOAD AS PDF

Getting Started

```
pnpm install
pnpm dev
```

You can also run via Docker:

```
docker compose up
```

Usage

Copy the badges link:

```
[![Download as PDF Button](https://img.shields.io/badge/Download%20AS%20pdf-EF3939?style=for-the-badge&logo=adobeacrobatreader&logoColor=white&color=black&labelColor=ec1c24)](https://mdtopdf.iqfareez.com/convertPdf?url=<url>)]
```

Replace the `<url>` with your GitHub's markdown file url. You can also supply raw file URL. Not tested with other links except GitHub.

Styling

To view the badge URL, open this file as Raw.
